

All Purpose Plant Food

Bigger Plants, Better Blooms & More Vegetables

General Garden & Lawn

Young Plants & Seedlings

Fruit & Vegetables

DOSAGE

Plant: General garden flowers, shrubs, trees, lawns, fruit & vegetables
Amount: 15-20gram / 4.5 litres
When: Every 7 - 14 days

Plant: Container & young plants & seedlings
Amount: 8gram / 4.5 litres
When: At every watering

Plant: Tomatoes
Amount: 15-20gram / 4.5 litres
When: Every 7 days after first flowers have set

Plant: House Plants
Amount: 3-5gram / 1 litre
When: At every watering

HOW PHOSTARXGEN WORKS

- Nitrogen promotes healthy green foliage.
- Phosphate develops a strong and healthy root system.
- Potash develops abundant flowers & fruit and helps plants become more drought and disease resistant.
- Provides the essential trace elements needed by plants for health and vitality.

TIPS

- Pour any unused solution onto bare soil, not grass.
- Any spillage of concentrate powder onto lawns or foliage should be thoroughly watered in immediately.
- Stored under cool, dry conditions, this product will not deteriorate. If disposal is necessary reseal and throw away with household waste.

FEEDING INFORMATION

- Use for all plants in the garden, greenhouse and home.
- For best result use regularly throughout the growing season.
- Feed house plants with **Phostarxgen**® when actively growing.

DIRECTIONS FOR USE

- Measure feed into watering can, dilute and mix well.
- Apply solution around roots & plant foliage.

GUARANTEED ANALYSIS

NPK (MgO-SO₃) fertiliser blend with micro-nutrients 16-10-24 (MgO 2.5 - SO₃ 5.8)

Total Nitrogen (N).....	16%
Ammoniacal Nitrogen (N).....	2%
Ureic Nitrogen (N).....	14%
Phosphorous Pentoxide (P ₂ O ₅) soluble in neutral ammonium citrate and water.....	10%(P 4.4%)
Phosphorous Pentoxide (P ₂ O ₅) soluble in water.....	10%(P 4.4%)
Potassium Oxide (K ₂ O) soluble in water.....	24%(K 19.9%)
Magnesium Oxide (MgO) soluble in water.....	2.5%(Mg 1.5%)
Sulphur Trioxide (SO ₃) soluble in water.....	5.8%(S 2.3%)
Copper (Cu) soluble in water & chelated by EDTA.....	0.0055%
Iron (Fe) soluble in water & chelated by EDTA.....	0.04%
Manganese (Mn) soluble in water & chelated by EDTA.....	0.02%
Molybdenum (Mo) soluble in water.....	(0.0016%)
Zinc (Zn) soluble in water & chelated by EDTA.....	0.0055%
