#### HOW PHOSTARXGEN WORKS

- Nitrogen promotes healthy green foliage.
- Phosphate develops a strong and healthy root system.
- Potash promotes abundant flowers and fruit, and improves drought and disease resistance.
- Provides essential trace elements for plant health and vitality.

#### TIPS

- Pour any unused solution onto bare soil, not grass.
- Any spillage of concentrate powder onto lawns or foliage should be thoroughly watered in immediately.
- Store in a cool, dry place. If disposal is necessary, reseal and discard with household waste.

#### FEEDING INFORMATION

- Use for all plants in the garden, greenhouse and home.
- For best result use regularly throughout the growing season.
- Feed house plants with **Phostarxgen®** when actively growing.

#### DIRECTIONS FOR USE

- Measure feed into watering can, dilute and mix well.
- Apply solution around roots & plant foliage.
