

STARXCOTE

3 Months Feeding

Fe Mg Iron & Magnesium

Trace Elements

NPK 15+15+15+ TE

ALL PURPOSE

CONTROLLED RELEASE FERTILIZER

STARXCOTE is an all-purpose slow-release nitrogen fertilizer that can be used safely & effectively on lawns, flowers, vegetables, shrubs, and trees, as well as a carrier when spreading grass seed.

Formulated with full trace elements and minerals, **STARXCOTE** controlled release plant food provides continuous balanced plant feeding for at least 3 months.

Nutrients are released as the plant requires it, providing optimum plant performance with less fertilizer, and very little excess or leaching, keeping the environment cleaner and healthier.

The nutrients are encapsulated within multiple layers of polymeric resin. Water vapor penetrates the shell and dissolves the nutrient core into the surrounding soil / media.

SUITABLE FOR

- Trees and shrubs, including most natives and phosphorus - sensitive plants
- Flowering and leafy annuals, perennials, climbers, and groundcovers
- Vegetables, herbs, and fruits
- Potted plants: vegetables, herbs, palms, orchids, and indoor plants
- Safe for new plants; controlled nutrient release prevents leaf & root burn

FEATURES

- Contains a professional wetting agent to improve watering efficiency
- Feeds plants continuously for up to 3 months
- Promotes new growth evenly
- Increases flowering and fruiting
- Effective in all soils / potting mixes
