

Mealybug

Scale Insects

ORGANIC NEEM OIL 99.9%

ORGANIC NEEM OIL 99.9% is organic insecticide that washes off and covers pests' waxy protective layer, causing death due to suffocation. Does not create pest resistance.

ORGANIC NEEM OIL 99.9% kills eggs, larvae and adult garden insects. It also prevents and controls black spot, rust and powdery mildew.

ORGANIC NEEM OIL 99.9% is a broad-spectrum Fungicide, Miticide and Insecticide.

ORGANIC NEEM OIL 99.9% is highly effective and economical botanical oil which is being used indoors as well as outdoors on ornamental flowering plants, trees, shrubs and foliage grown in greenhouses, interiorscapes and commercial landscapes.

ORGANIC NEEM OIL 99.9% coats fungal spores and then dehydrates them to stop the disease cycle.

ORGANIC NEEM OIL 99.9% is applied when conditions favor disease development but before major symptoms occur.

Active Ingredient

Extract of Neem Oil	99.9%
Inert Ingredients	0.10%
Total	100 %

General Information:

- Kills eggs, larvae and adult insects.
- Prevents and controls black spot on roses, anthracnose, rust and powdery mildew.
- For best results, maintain constant agitation in spray equipment.
- For optimal performance, do not mix with cold water (less than 45° F).
- Use spray solutions within several hours of preparation for maximum effectiveness. Do not store diluted solution for later use.
- Do not apply to wilted or otherwise stressed plants, or to newly transplanted materials prior to root establishment.
- Do not apply to known sensitive plant species, such as impatiens flowers, fuchsia flowers, hibiscus flowers, some rose flowers, ornamental olive trees or some carnation varieties, without prior testing.

- When used in conjunction with beneficial insects, it is recommended that a small trial be conducted to assure compatibility before using on a large scale.
- As with other oil-based products, care should be exercised in timing applications to early morning / late evening to minimize the potential for leaf burn.
- Use with care on plants with tender tissue. Check for leaf burn in small-scale trials prior to use.
- Thorough coverage is necessary to provide good disease and mite control. **ORGANIC NEEM OIL 99.9%** prevents fungal attack of plant tissue and contact activity to mite pressure on the plant. Avoid excessive runoff of spray material for maximum control.

Situation 状况	Application rate / 1L of Treatment Water 施用量 / 1公升净化水	Application Interval 间隔
General preventive measures 一般预防性使用	5ml 毫升	7 - 10 days <i>Spray all plants & plant surface, including under slides of leaves.</i>
Serious pest outbreak 严重病害	8ml 毫升	

Suitable for Organic Farming

Keep in original container. Keep out of reach of children

Store in a dry place, away from direct sunlight, open flame and food stuff
