

STARXCOTE

3 Months Feeding

Fe Mg Iron & Magnesium

Trace Elements

NPK 15+15+15+ TE

ALL PURPOSE CONTROLLED RELEASE FERTILIZER

STARXCOTE is an all-purpose slow-release nitrogen fertilizer that can be used safely & effectively on lawns, flowers, vegetables, shrubs, and trees, as well as a carrier when spreading grass seed.

Formulated with full trace elements and minerals, **STARXCOTE** controlled release plant food provides continuous balanced plant feeding for at least 3 months.

Nutrients are released as the plant requires it, providing optimum plant performance with less fertilizer, and very little excess or leaching, keeping the environment cleaner and healthier.

The nutrients are encapsulated within multiple layers of polymeric resin. Water vapor penetrates the shell and dissolves the nutrient core into the surrounding soil / media.

SUITABLE FOR :

- Trees and shrubs including most natives and other phosphorus - sensitive plants
- Flowering and leafy annuals, perennials, climbers and groundcovers
- Vegetables, herbs and fruits
- Potted plants including vegetables, herbs, palms, orchids and indoor plants
- Safe to use on new plants - the controlled release of nutrients means it will not burn soft leaves or tender young roots

FEATURES :

- Contains a professional wetting agent to improve watering efficiency
- Feeds plants continuously for up to 3 months
- Promotes new growth evenly
- Increases flowering and fruiting
- Effective in all soils / potting mixes

GUARANTEED ANALYSIS :

Total Nitrogen (N)**	15%
<i>8.0% Ammoniacal Nitrogen</i>	
<i>7.0% Nitrate Nitrogen</i>	
Available Phosphate (P₂O₅)**	15%
Soluble Potash (K₂O)**	15%
Magnesium (Mg)**	1.3%
<i>0.8% Water Soluble Magnesium (Mg)</i>	
Sulfur (S)**	5.9%
<i>5.93% Combined Sulfur (S)</i>	
Boron (B)	0.02%
Copper (Cu)	0.05%
<i>0.05% Water Soluble Copper (Cu)</i>	
Iron (Fe)**	0.46%
<i>0.08% Water Soluble Iron (Fe)</i>	
<i>0.005% Chelated Iron (Fe)</i>	
Manganese (Mn)**	0.06%
<i>0.05% Water Soluble Manganese (Mn)</i>	
Molybdenum (Mo)**	0.02%
Zinc (Zn)	0.05%
<i>0.017% Water Soluble Zinc (Zn)</i>	

Area / Type of Plant	Rate of Application	Frequency Rate
Container / Potted Plant	5g to 10g per 30cm / 12" pot	3 months interval
Garden Bed	30g per m ²	
Fruit Tree	40g to 50g per tree	
Turf Grass	20g to 30g per m ²	
Indoor Plant	5g per pot
