

STARXBAST

GRASS & WEED CONTROL WITH ROOT KILL

STARX[®]
FOR BOTANIC GARDENING

Kills tough weeds - roots & all kills within minutes

HOW TO USE

Adjust nozzle to a coarse spray. Spray the weeds you want to kill until thoroughly wet. When spot-treating weeds in a flower or vegetable garden, shield desirable plants from drift with a piece of cardboard or plastic.

WHEN TO APPLY

Apply when weeds are actively growing. Spray when air is calm to prevent drift to desirable plants.

WHERE TO USE

Can be used in vegetable gardens. Also use on patios, walkways, driveways, gravel and mulch beds, around shrubs or trees, in flower beds, and along fences.

WHERE NOT TO USE

Do not spray plants or grasses that you like - they will die. Not recommended for spot weed control in lawns since this product kills lawn grasses.

APPLICATION FREQUENCY

Apply every two to three weeks (14 days to 21 days).

Target pests	Weeds and grasses
For use in	Vegetable gardens, patios, walkways, driveways, gravel and mulch beds, around shrubs or trees, flower beds, and fence lines
Application	Spray on the actively growing weeds making sure to thoroughly wet the weeds

STARXBAST Weed Killer (Active Ingredient: Glufosinate - Ammonium) is a non-selective herbicide (provides control of a broad spectrum of broadleaf and grassy weeds) that kills any grass or weeds that are on and around the home, making weed control easy.

STARXBAST Weed Killer works by being absorbed into the leaves of the weed or penetrating into the soil, then attacking the roots of the weeds, killing any prevailing weeds and preventing new weeds from taking root.

Just spray **STARXBAST Weed Killer** when the weeds are growing, making sure to thoroughly wet the weeds, and you will see results within hours.

FEATURES

- Unique formula works to kill problem weeds.
- Kills the toughest weeds and grasses.
- Absorbs through the leaf and stem only so killing power won't spread to non-target plants through soil.
- Convenient, no-mix formula (Ready To Spray).
- Rainproof in 10 minutes.
- Visible results in 3 hours.
